

## *City of Breckenridge*

**September 11, 2015**

# **\*\*\*NEWS RELEASE\*\*\***

**INCIDENT:** Today at around 10:00 am the City of Breckenridge was made aware of a possible hazardous incident within the City Limits at Gonzales (Gonsolus) Creek regarding dead fish. The Game Warden and the Railroad Commission have already been out and TCEQ will be out this afternoon to investigate. Further information will be provided as the investigation proceeds.

**UPDATE:** At around 4:00 pm this afternoon we were informed by TCEQ that they believe it is related to Golden Algae Bloom. They have taken water samples and are waiting on test results.
