Re: SKATEBOARD PARK AND NEW PLAYGROUND EQUIPMENT

The City of Breckenridge has applied for and received a \$75,000 matching grant from Texas Parks and Wildlife. We feel this project will provide opportunity for the youth in our community to enjoy additional recreational opportunities in a safe environment. If you or your organization would be interested in contributing toward the project, it will be greatly appreciated, especially by the kids!

Project Description:

**Skateboard Park**

The skateboard park includes twenty-six elements to challenge the skateboarders. Built on a concrete slab, it will be located in a highly visible area of Breckenridge Park that should minimize noise in the adjacent neighborhoods. The area is currently being used for horse shoe pits about twice a year and will be repurposed for the skateboard park.
