

City of Breckenridge

The Public Works Director is declaring A BOIL WATER NOTICE

For the following:

**Water Customers from Melrose to Elliott and
US HWY 180 East to End of System**

**City of Breckenridge, Texas
Effective 8-7-18**

Due to conditions in the water system which have occurred (water line break during construction), the Texas Commission on Environmental Quality has required the system to notify all customers to boil their water prior to consumption.

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source.

The Boil Water Notice will be in effect for a minimum of 48 hours. When it is no longer necessary to boil the water, water system officials will notify each customer directly in the affected area.

If you have questions regarding this matter, you may contact the City Offices at 254-559-8287 or the Water Office at 254-559-7249.
